

# OPOKITI PAUL AYOYINKA

---

**React Developer • Flutter Developer • UI/UX Designer**

Lagos, Nigeria | opokitipaul@gmail.com | Portfolio Website: <https://paul-portfolio-liart-nu.vercel.app/>

## Professional Summary

Full Stack Web & Mobile Developer specializing in React.js, Flutter, Firebase, MongoDB, and REST API integration. I build responsive websites and mobile applications with clean UI, reliable functionality, and user-focused experiences. Experienced in developing real-world solutions, including GSM World, a live e-commerce platform for a real client, and Lumiflix, a Flutter-based streaming application.

## Technical Skills

**Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3

**Mobile:** Flutter, Dart

**Backend:** Firebase, Firestore, MongoDB, REST APIs

**Deployment:** Vercel, Production Builds, Web Hosting Setup

**Tools:** Git, GitHub, Vite, Figma, Responsive Design

## Projects

GSM World – React, Firebase, Firestore

**Live:** <https://gsm-world.vercel.app>

Built and deployed a responsive e-commerce platform for a real client. Developed features including authentication, shopping cart, order management, admin functionality, and database integration using Firebase.

Lumiflix – Flutter, Firebase

Developing a mobile movie streaming application with Firebase Authentication, admin dashboard, and modern mobile UI.

## Experience

**Freelance Web & Mobile Developer (2024–Present)**

Design and build React websites and Flutter applications, integrate Firebase and REST APIs, and deliver responsive, user-focused digital solutions.

## Education

Advanced Diploma in Software Engineering (ADSE)

Aptech Computer Education
